OBJECTIVE

Aspiring **Front-End Developer** with strong expertise in **HTML5, CSS3, JavaScript (ES6+), React.js**, and **Tailwind CSS**. Passionate about building **responsive, user-friendly web applications** and eager to contribute to **dynamic projects** while continuously enhancing my skills with **modern web technologies and frameworks**.

EDUCATION

University of Mumbai

Bachelor of Science Information Technology

CGPA : 8.5

Mumbai, India

2021 – 2024

TECHNICAL SKILLS

- **Programming Language:** JavaScript (ES6+), HTML5, CSS3, TypeScript
- **Libraries/Frameworks:** React.js, Redux, Bootstrap, Tailwind CSS
- **Tools/Platforms:** Visual Studio Code, GitHub, Netlify, Postman

PROJECTS

Food Delivery App :

- Developed a responsive **food delivery app** with a dynamic cart system that supports **adding, removing, and adjusting items**, with real-time price updates for an optimized user experience.
- Implemented key features such as **search functionality, infinite scrolling, pagination, Bootstrap carousel** for featured items, and **React Hot Toast** for real-time notifications. Developed **secure login with local storage** and order history post-purchase.

Movie Review Website:

- Developed a **Movie Review App** that allows users to **search for movies, view detailed information** Integrated **third party API (TMDB API)** to fetch real-time **movie data, including movie details, posters, cast, release dates, and ratings**.
- Engineered a dynamic and responsive user interface using **React.js**, ensuring smooth and efficient navigation across pages using **React Router**, with optimized layouts for both desktop and mobile devices.

Live Demo: <https://tmdb-moviedb.netlify.app/>

Portfolio website:

- Created an interactive **personal portfolio website** featuring unique elements like **eye-follow cursor effects, parallax tilt animations, and custom cursor animations**.
- Built as a **single-page application (SPA)** using **React**, incorporating **JavaScript for dynamic features and CSS3 animations** for an engaging user experience.
